CAREER OBJECTIVE

Passionate MERN Stack & Cross-Platform Developer skilled in building clean, responsive web and mobile applications. Proficient in React.js, React Native, Node.js, and database management, with strong problem-solving capabilities developed through competitive programming. Seeking a React Developer (Cross-Platform) role to build scalable user experiences and drive technical solutions.

TECHNICAL SKILLS

- **Frontend:** React.js, React Native, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap
- **Backend & Database:** Node.js, Express.js, MongoDB, MySQL
- **Data Analysis & Testing:** SQL, Data Visualization, Dashboard Creation, Manual Testing, API Testing (Postman), Browser DevTools
- **Tools & Platforms:** Git, GitHub, VS Code, Figma, Vercel, Photoshop, Illustrator, Canva

KEY PROJECTS

Medicare Solution – *Full-Stack Online Medicine & Health Service* | Live | Code

- Architected and deployed a full-stack health e-commerce application using the MERN stack (MongoDB, Express.js, React, Node.js).
- Designed and implemented RESTful APIs for product management, dynamic search, user authentication, and order handling.
- Created a modern, fully responsive user interface utilizing React and Tailwind CSS, hosted live on Vercel.

FIFA World Cup 2026 – *Responsive Landing Page* | Live | Code

- Engineered an interactive, mobile-responsive single-page landing page utilizing HTML5, CSS3, and JavaScript.
- Optimized layout performance, cross-browser compatibility, and visual presentation across desktop and mobile viewports.

Dev Conference – *Event Webpage* | Live | Code

- Designed and developed an event landing page using modern frontend web standards (HTML, CSS, JavaScript).
- Ensured fluid responsiveness, clean code architecture, and high UI performance for attendee registration info.

COMPETITIVE PROGRAMMING & PROBLEM SOLVING

- **Codeforces:** Solved 150+ algorithmic problems focusing on dynamic programming, data structures, and logic building.
- **Core Fundamentals:** Proficient in C programming for efficient algorithm design and memory management.

EDUCATION

Bachelor of Science in Computer Science & Engineering | Daffodil Institute of IT | CGPA – 3.18

CERTIFICATIONS

- MERN Stack Development Course – Programming Hero
- Data Analyst Course – Farhan Academy
- Graphic Design Course – Global IT
- Digital Marketing Course – National Skills Development
